IIT is subject to the *Illinois Clean Indoor Air Act* and *Chicago Clean Indoor Air Ordinance*, which stipulates that smoking, including the use of e-cigarettes and comparable devices, is banned in all enclosed public places and places of employment as well as student dormitories. On IIT campuses, these places include:

- All enclosed workplaces;
- State Street Village and McCormick Student Village;
- All restaurants without a bar area;
- Public places;
- Public restrooms, lobbies, reception areas, hallways and other common use areas in public buildings, apartment buildings and condominium buildings;
- Within 15 feet of the entrance to enclosed public places; and
- Recreational areas including enclosed sports arenas, stadiums, swimming pools, ice and roller rinks, arcades and bowling alleys.

In order to comply with the Ordinance, IIT prohibits smoking in all of the above listed locations on all of its campuses, and IIT requires students, faculty, employees and guests wishing to smoke to adhere to the Ordinance and smoke at least 15 feet away from the entrance to any building.

Smoking in the private areas of IIT apartments, but not in the residence halls, is permitted, unless an area has been designated as non-smoking.

Violations of the no smoking policy should be reported to the building representative who shall forward them to the appropriate administrative officer.
