

ILLINOIS INSTITUTE OF TECHNOLOGY'S

2008 SUMMER INSTITUTE**FOR FIRST-YEAR STUDENTS REGISTRATION PACKET**

The Summer Institute for First-Year Students is a rigorous four-week, non-residential academic and community-building summer program for admitted IIT freshmen that instills subject mastery of mathematics, chemistry, and physics and helps them explore their intended academic majors through reading, writing, and discussion. In addition, students engage in small group learning activities and workshops designed to develop their analytical thinking and communication skills. These endeavors should position them to thrive during their IIT academic careers. Extra-curricular activities will include field trips to organizations and institutions as well as opportunities to begin building social networks and faculty connections. This program offers a rich educational experience that prepares students to become leaders both on campus and in the increasingly diverse global society.

Please fill out and return this packet by May 15, 2008 to confirm your participation in the 2008 Summer Institute for First-Year Students. Return to: Illinois Institute of Technology Office of Undergraduate Admission, 10 West 33rd Street, Perlstein 101, Chicago, IL 60616.

If you have additional questions, please contact Marya Spont, Senior Admission Counselor, at spont@iit.edu, or 312.567.6979.
