The Innovation and Entrepreneurship Academy (IEA), IIT's chapter of the Collegiate Entrepreneurs' Organization (CEO), won the Best Chapter E-Diffusion Award at the organization's national conference. Over 135 schools have CEO chapters, and from among them, IIT was chosen as the school with the best "E-Diffusion", an initiative to promote entrepreneurship to non-business students.

IEA received the award at the CEO conference, held in Chicago on November 1-3.
