Overview

This worksheet is intended for planning purposes only and is not considered a binding document. Financial aid eligibility for co-terminal students may differ from non-co-terminal students as aid may be applied differently throughout the course of the program based on student enrollment. This worksheet **does not** satisfy any requirements for Graduate Academic Affairs, and shared financial aid graduate hours are distinct from shared academic hours. You must list all (undergraduate and graduate) of your planned courses. Please complete this worksheet in ink.
