

Form CS 10: Application for Graduate Teaching Assistantship

Instructions: If you are a current graduate student and wish to request financial aid in the form of a research or teaching assistantship, fill out the form below and email it along with a one-page résumé to mcbroom@iit.edu. (Due to COVID-19, the staff is working from home, so don't mail your application to the department or drop it off in Stuart Building.) The due dates for submission are by January 1st for Spring semester, and by August 1st for Fall semester.

Please bear in mind that very few students are awarded financial aid in their first semester. In most cases, teaching assistantships are awarded to students who are attending IIT and have demonstrated abilities in research and/or teaching.

This form is for current graduate students only. (Prospective graduate students are automatically evaluated for a Teaching Assistantship at the time of their application to the graduate program.) Also, you cannot have a Teaching Assistantship and a Co-Op / CPT job during the same semester.
