

Payment Plan User Guide

Students desiring to enroll in IIT's convenient payment plan can follow the step below by utilizing TouchNet's Bill & Payment Suite. You can access your account via the **Manage Account Icon** 

Payment Plan Enrollment

Payment plans can be created by clicking on the **Payment Plans** tab.

IIT offers a 3 & 4 month payment plan option, for the fall and spring term only, where payments are distributed equally per month..

Enrollment fee is required at time of enrollment. Payment plans cannot be finalized until fee payment has been received.

*Payment information can be saved for future payments by clicking the Save this payment for future use box. You will be prompted to name saved payment. **Students anticipating future refunds can save the information to use for future refunds by checking the refund option box**

** Only authorize financial aid will be deducted from the amount due at time of enrollment. Financial aid that has not been finalized or departmental scholarship will not be deducted from the amount due until the funds have processed. Payment plans are updated daily and will recalculate your new monthly payments when additional aid or scholarships are posted to your account. You are responsible for your payment plan balance until financial aid post. Please assure that all financial aid paperwork has been completed to avoid delays and to reduce out of pocket tuition and fee cost.
