Making Changes to 403(b) Elections in Banner Self-Service

You can now make changes to most 403(b) elections in Banner Self-Service! Instructions for making changes to both unmatched and matched elections can be found on the following pages:

- Adding or making changes to unmatched elections: pg. 2
- Making changes to matched elections: pg. 5

As a reminder, if you are electing a contribution directed toward a vendor to which you have not previously sent funds, you MUST open an account with that vendor BEFORE setting up your election. Contact information and plan numbers for both TIAA and Fidelity are available on the HR Website Retirement Plan benefits page (See Enrollment Information PDFs under each vendor’s section).

Please note that the following changes cannot be made in Banner Self-Service, and require the submission of a Salary Reduction Agreement form to Human Resources:
- New match elections (e.g., when first becoming match eligible)
- Contributions split between TIAA and Fidelity

Salary Reduction Agreement forms will also be accepted from individuals wishing to contribute up to the IRS maximum. The Salary Reduction Agreement form is available on the HR Website Retirement Plan benefits page and HR Portal Forms page. You can also email Human Resources if you’d like to complete the electronic version of this form.
Adding or making changes to unmatched elections

Reminder: if you are directing a contribution be sent to a vendor to which you have not previously sent funds, you MUST open an account with that vendor BEFORE setting up your election.
